Best Practices 2023-24

1. **Tree Plantation Programme**
2. **Student Welfare Scheme**

Best Practice 1

Title of the Practice: Tree Plantation

2023-2024

Objectives of the Practice

Our Institution is one of the big campus in the Chimur having 5.23 Acres and it has lot of rare variety trees Trees and other medicinal Trees and herbs are available in the campus. The mission is to sensitize and empower people to give back to nature and live in an environment conducive to their health and well-being. Say Trees inspires the students to spare just a few hours on weekends and work towards making their cities, and their lives greener. For more than 15 years, our NSS Team is working untiringly with student volunteers and staffs to change the landscape in our Institution. The Eco Club has organized the tree plantation in the auspicious occasion of Teachers Day in collaboration with Botany and Environment science department in the college premises. Our long term plans entail taking tree plantation drives to more number of cities and inducting many more tree enthusiasts, particularly student communities, to be able to amplify both scale and impact of our efforts. It has been observing by the students that nature has been changing itself very tremendously as we are responsible for this major change because of building and constructive more and more cities and town. So, the nature becomes unbalanced and disturbed that's why the concentration of oxygen in the air has change. Therefore, it is our responsibility to maintain this balance by following the given objectives:-

- To ensure more Tree plantation drive of different fruits and other Medicinal plants & rare plants.
- To overcome the problems of global warming and to recover from various changes

- To promote tree Plantation programme, it is our duty of ours to aware more and more students to take part in it.

- To enhance the values of plants & environment among the students during their study.

The Context

The very noble objective of “Tree Plantation programme is to save our planet and & mother earth by plantation” with under given points:-

- To rising up the level of students thinking regarding tree plantation and its importance.

- To create the interest among the students regarding the values of trees & plants.

- To inculcate the programme of plantation and to alter the effect of climate change, every student at fresher’s day is provided with plant sapling to be sown in the college premises.

The Practice

It is the important duty of students plant more and more trees, herbs and climbers because these are the carriers of rain and cloud. Only the nature has capacity to turn up the balance of nature to produce more oxygen, but it is only possible when our surroundings are full of trees and plants. In this event medicinal plant like Azadirachta indica (Neem), Albizia odoratissima (Black sirish), Avenue plant like Saraka asoka (Ashoka), Delonix regia (Gulmohar) etc. were planted. Total 50 saplings were planted in the college.

This type of tree plantation Programme is only possible when our new generation become more sincere and active towards tree plantation. This tree plantation makes the points of success, it is sure and certain that our nature will be in balance and the life of the people can be happy & prosperous. So, we should plant more & more trees and protect them for the future of new generation.

Evidence of Success

Currently we are having more than 80 trees planted and it is well grown and key impact in the climatic change control and more oxygen is there inside the campus and the carbon limit is much minimized in the Campus. This is the evidence of success and we have made very sincere Tree plantation and this plantation work provoke the students and inspired them to go quickly on the path of plantation for the balance of the nature & up-gradation of environment. It is the result of the Programme that more than 75% student participated in the programme of the plantation started by college and administration.

Problems Encountered and Resources Required

Due to some heavy rain few trees branches are broken and few students avoid the programme and deny such types of activities, but our experienced faculties convinced them and ultimately they agreed for the plantation work for the next year they too realized the value and importance of the nature and environment. The senior students are convincing the junior students like the chain and more number of students are coming forward to plant more trees as a part of NSS activities.

BEST PRACTICE 2

Title: Student Welfare Scheme

Objectives:

1. The students should not be deprived of education due to their financial problems.
2. Giving equal opportunity to student of taking education despite of its financial background.
3. Financial help to medically sick students in major diseases.

The Context:

The Gramgeeta Mahavidyalaya Chimur has introduced the Student Welfare Fund scheme during the 2023-2024 academic year, under the leadership of the Honorable President and Principal. Both teaching and non-teaching staff members were contributing to the fund annually, respectively 500 rupees and 200 rupees. The management provides valuable guidance each year on how to best utilize the Student Welfare Fund to assist financially deprived students, particularly those facing medical challenges such as cancer. The fund is distributed to eligible students in need of financial assistance.

The Practice:

- To offer financial assistance to needy students, applications are invited through notices that are circulated with the Principal's approval. The committee members carefully evaluate students from various branches and select those who are financially deprived and have a regular attendance record for the scheme. The application process requires faculty recommendations and interview conducted by the committee member to finalize the list of eligible students. The financial assistance is intended to address fundamental needs such as bus passes, uniform and notebooks. It is expected that the selected students will utilize the fund for these essential requirements.

- During the academic session 2023-2024, a total of 10100 Rs. was collected by the Student Welfare Committee. In response to the financial impact on students, the committee decided to extend a helping hand to those who were unable to pay the admission fees of purchase college uniforms. Specially, ten deserving students were identified by the committee and selected to receive free admission and college uniforms.
- To achieve this objective the Student Welfare Committee allocated the collected funds towards providing financial assistance to these selected students. The committee's decision to prioritize these students for financial aid was a testament to their commitment to improving the welfare of all students. By providing free admission and uniforms, the committee ensured that these ten students had equal opportunities to learn and participate in college activities without any financial burden. Overall, the fund allocation report for the academic session 2023-2024 demonstrated the Student Welfare Committee's dedication to supporting the needs of the student body during a challenging time.
- During the academic session of 2023-24, Ku. Pratiksha Shankar Meshram a Third-year B.Sc. student, mother was suffered from dengerous disease kidney and liver failure. In response to her situation, the Student Welfare Committee took an initiative to provide her with financial aid. As a result, a sum of Rs. 10500 (Ten Thousand Five Hundred) was handed over to her parents for her medical treatment by the Principal, Dr. Amir Dhamani, and the convener of the Student Welfare Committee, Mr. Samirkumar Bhelave, in the form of a check. The Gramgeeta institute is committed to assisting financially deprived and disadvantaged students, covering their admission fees, exam fees, and other essential needs. The welfare of all students is of utmost importance to the college. The committee expresses its sincere wishes for, Mrs. Ujwala Shankar Meshram early recovery and a happier life ahead.

Details of beneficial student welfare scheme

Total Last year balance remains	3500 Rs
Total fund collected	10100 Rs
Total expenditure	10500 Rs
Amount remains	3100 Rs

Evidence and Success:

Evidence:

Student welfare committee and account pay cheque register.

Success:

The students have started attending classes regularly and it has resulted in increasing quality due to financial help.

1. Increase in admissions and attendance.
2. Increase in number of students to appear for examination.
3. Increase in passing ratio in results.
